

Lázaro Juárez is the co-founder of Desatio, an exponential architecture and design studio based on disruption. He was born in San Francisco del Rincon and, after graduating with honors from high school in 2014, he obtained the Líderes del Mañana scholarship from the Instituto Tecnológico y de Estudios Superiores de Monterrey, where he graduated with a degree in architecture in 2018.

Lazaro co-founded the firm in partnership with his twin brother; in their work they have established an innovative approach to design, users and the impact of their promotion. Consilience is the framework from which he starts to generate avant-garde. Lázaro is an enthusiastic visionary, enjoys football and reading.
